

## Safety Data Sheet

### Section 1: Identification

Product Identity	Company Details
<b>Product Name:</b> METCAR Antimony Impregnated <b>Product Description:</b> Carbon Graphite with Antimony Impregnation	Metallized Carbon Corporation 19 South Water Street Ossining , NY 10562
<b>Relevant Uses</b> Mechanical applications of carbon products	Phone: (914) 941-3738
	<b>Emergency Telephone Number</b> (914) 941-3738

### Section 2: Hazards Identification

Warning: Respiratory and Skin Irritant

Warning: May form Combustible Dust

Typically this product is sold in a pre-machined form to customer specification where there is little to no risk of particle inhalation by the end consumer. In the cases where blank stock is provided to the consumer, machining can release airborne particles that may be inhaled or cause mechanical irritation to the eyes and skin. Acute exposure is typically not a concern but repeated over exposure may lead to respiratory ailments such as Pneumoconiosis. These airborne particles also have the potential to combust if they exist in sufficient quantity.

### Section 3: Composition/Information on Ingredients

Component	C.A.S . #	Relative Concentration by Weight
Natural Graphite	7782-42-5	0-90%
Synthetic Graphite	7782-42-5	0-90%
Carbon Coke	7440-44-0	0-90%
Antimony	7440-36-0	10-40%

\*Exact concentration percentage is withheld as a trade secret

### Section 4: First Aid Measures

General:	Treat symptomatically; typical hygienic practices are generally adequate.
Contact:	If dust from the product enters the eyes or irritates the skin flush with water.
Inhaled:	If inhaled seek fresh air and rest. Seek medical attention if irritation persists.
Ingested:	If ingested seek medical attention immediately.

**Section 5: Fire-Fighting Measures**

**Extinguishing Media**

Water, Sand, CO2 Etc.

**Special Fire Fighting Procedures**

Be aware of potential explosion hazard due to dust accumulation. Use self-contained breathing apparatus as normal.

**Section 6: Accidental Release Measures**

**Steps to Be Taken in Case Material Is Released or Spilled**

Normal housekeeping practice; sweep, shovel or vacuum clean up. Avoid creating and inhaling dust.

**Section 7: Handling and Storage**

**Precautions to Be Taken in Handling and Storing**

Graphite is electrically conductive. Dust accumulations may cause electrical short circuits or other malfunctions.

Avoid storing near oxidizing agents.

**Other Precautions**

Provide adequate dust collection and/or ventilation during machining.

**Section 8: Exposure Controls/Personal Protection**

Hazardous Components (Specific Chemical Identity, Common Name(s))	OSHA PEL	ACGIH TVL	Other Limits Recommended
Natural Graphite (C.A.S. #7782-42-5)	15mg/m <sup>3</sup>	2mg/m <sup>3</sup>	N/A
Synthetic Graphite (C.A.S. #7782-42-5)	15mg/m <sup>3</sup>	2mg/m <sup>3</sup>	N/A
Carbon (C.A.S. #7440-44-0)	15mg/m <sup>3</sup>	10mg/m <sup>3</sup>	N/A
Antimony(C.A.S.#7440-36-0)	0.5mg/m <sup>3</sup>	0.5mg/m <sup>3</sup>	N/A

**Necessary Respiratory Protection:** NIOSH/OSHA approved respirator if TLV or PEL is exceeded.

Ventilation	Local Exhaust	Special	N/A
	Dust collection when machining.		
	Mechanical (General)	Other	N/A
	N/A		

**Protective Gloves**

Yes adequate to prevent skin contact

**Eye Protection**

Yes if airborne particles are produced.

**Other Protective Clothing or Equipment**

Impervious clothing to prevent skin contact.

**Work/Hygienic Practices**

Avoid food and drinks. Wash hands before eating.

**Section 9: Physical and Chemical Properties (Antimony)**

Boiling Point 2888°F	Decomposition Temp N/A	Specific Gravity (H2O = 1) 6.69	Partition Coefficient N/A
Vapor Pressure (mm Hg) 0	pH N/A	Melting Point 1167°F	Decomposition Temperature N/A
Vapor Density (AIR = 1) Normally Solid N/A	Viscosity N/A	Evaporation Rate (Butyl Acetate = 1) 0	Auto-ignition temperature N/A
Solubility in Water Insoluble			

Appearance and Odor  
Gray-Black Solid / No Odor

Flash Point Does not flash	Flammable Limits N/A	LEL N/A	UEL N/A
-------------------------------	-------------------------	------------	------------

Unusual Fire and Explosion Hazards  
Carbon dust is not normally explosive but it may weakly contribute if the event is initiated by another explosive dust or gas.

**Section 10: Stability and Reactivity**

Stability	Unstable		Conditions to Avoid Heating in air to over 700°F
	Stable X		

Incompatibility (Materials to Avoid)  
Strong oxidizing media will oxidize slowly in air at temp 400°C

Hazardous Decomposition or Byproducts  
Combustion produces CO and CO2. May form Antimony Trioxide.

Hazardous Polymerization	May Occur		Conditions to Avoid N/A
	Will Not Occur X		

**Section 11: Toxicological Information**

---

Route(s) of Entry:	Inhalation?	Yes as dust	Skin?	NO	Ingestion?	Unlikely
--------------------	-------------	-------------	-------	----	------------	----------

---

**Health Hazards (Acute and Chronic)**

Prolonged and repeated over exposure to dust may lead to Pneumoconiosis.  
Dust particles may cause mechanical irritation to eyes and skin.  
Chronic inhalation of Antimony Trioxide is reported to produce a reduction in white blood cells and damage the liver.

---

<b>Carcinogenicity:</b>	NTP?	NO	IARC Monographs?	NO	OSHA Regulated?	NO
-------------------------	------	----	------------------	----	-----------------	----

---

**Signs and Symptoms of Exposure**

Metallic taste, vomiting, colic, loss of appetite, loss of weight, diarrhea, dermatitis, inflammation of the hair follicles, and sloughing

---

**Medical Conditions**

**Generally Aggravated by Exposure**

Individuals with pre-existing chronic respiratory impairment or with Serum antitrypsin deficiency may be at risk of Pneumoconiosis if prolonged.

---

**Section 12: Ecological Impact**

Antimony is hazardous to local wildlife both aquatic and land based as it may seep into soil if not disposed of properly.

---

**Section 13: Disposal Considerations**

**Waste Disposal Method**

Subject to local State and Federal Regulations for solid waste disposal. Recovery should be considered otherwise dispose of it in a chemical waste landfill.

---

**Section 14: Transport Information**

This product is not regulated by the US DOT, IATA or IMO.

---

**Section 15: Regulatory Information**

All components of this product are listed on the EPA TSCA inventory

---

---

**Section 16: Other Information**

---

Acronyms:

C.A.S. # – Chemical Abstracts Service Registry Number  
OSHA PEL – Occupational Safety and Health Administration Particle Exposure Limit  
ACGIH TLV – American Conference of Governmental Industrial Hygienists Threshold Limit Values  
LEL/UEL – Lower/Upper Explosive Limit  
NTP – National Toxicology Program  
IARC – International Agency for Research on Cancer  
LC50 – Lethal Concentration to kill 50% of the population  
LD50 – Lethal Dose at which 50% of the population is killed  
US DOT – United States Department of Transportation  
IATA – International Air Transport Association  
IMO – International Maritime Organization  
EPA TSCA: Environmental Protection Agency Toxic Substance Control Act
